Mobile/Manufactured Housing Relocation Assistance Program Update March 2010

- 16 communities closed in 2006, impacting 715 households.
- 18 communities closed in 2007, impacting 534 households.
- 15 communities closed in 2008, impacting 553 households.
- 5 communities gave notice of 2009 closure date, impacting 137 households.
- 2 communities gave notice of 2010 closure date, impacting 67 households.
- 7 communities are listed for sale, per RCW 59.20.300, Manufactured/mobile home communities – Notice of sale.
- Park closure rates fluctuated between 1989 and 2010.
 - o Average park closures 1989 2002: 5.8 per year
 - o Average park closures 2003 2008: 14 per year
 - o Average park closures 2009 2010: 3.5 per year
- Relocation Assistance is funded by a \$100 fee paid by homeowners each time a
 manufactured home is purchased in a mobile home park/manufactured housing
 community. The fee is paid for homes over one year old and valued at \$5,000 or more.
- 24 households are on the list for relocation assistance, totaling \$146,439.61 in approved reimbursement requests. It took approximately 17 months to establish the current wait list.
- Length of time for reimbursement to households on the wait list at current distribution rate: 14 months.
- 2009 average reimbursements: Single section homes \$6,234.11; multi-section homes \$8,538.85; combined average \$6,984.49. Single section homes represented 67% of reimbursements; multi-section homes 33%. 42% of reimbursements represent homes demolished.
- By law, the maximum reimbursements are: single section homes \$7,500; multi section homes \$12,000.

I. EXECUTIVE SUMMARY

ESHB 1640 directed the Department of Community, Trade and Economic Development (CTED) to collect and submit data on complaints and outcomes of conflict resolution efforts from May 13, 2005 through December 31, 2005. The department submitted a report in December of data collected through November 30. This supplement contains data collected during the entire reporting period and fulfills the reporting requirement.

This supplement includes the following data for May 13 – December 31, 2005:

- statistics about manufactured housing communities (also known as parks)
- number of parks that have registered with CTED
- number of residents and owners notified
- · number of requests for service received
- outcome of investigations

Prior to ESHB 1640, the office received an average of 58 requests for service per month. In December, the Office of Manufactured Housing (OMH) received 91 requests for service with a landlord-tenant complaint. The department sent direct notification to over 25,000 residents and also utilized websites, newspapers and newsletters, and radio announcements to ensure that notice was given to each park owner and park resident.

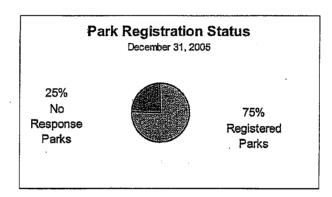

During the month of December, 191 parks registered, resulting in a total of 1,366 registered parks (75 percent). Park registration fees generated \$309,765 in revenue (\$5 per space multiplied by 61,953 spaces). Registered parks range in size from two to 408 spaces with an average of 45 spaces per park.

II. DATA

A. PARK LIST AND REGISTRATION

The Department was directed to compile the most accurate list possible of all manufactured housing communities in the state, the names and addresses of the owners of those communities, and the number of spaces subject to chapter 59.20 RCW located in each manufactured housing community. As of December 31, a total of 1,366 parks (75 percent) had registered. Park registration fees generated \$309,765 in revenue (\$5 per space times 61,953 spaces). Registered parks range in size from two to 408 spaces with an average of 45 spaces per park.

Park List Data as of December 31, 2005

A WALL MADE & GROWN AND OIL & COUNTRY OF CASE AND COUNTRY OF CASE	
Number of parks on initial park his (2/400 swith complete addresses)	2,855
Number of parks on current list (presumed to meet definition of 59.20 RCW)	1,829
Number of sinitial notifications returned (445 returned; new addresses obtained	356
and second mailing attempt for 89)	
Number of parks removed from park list (duplicate listing, park was closed, not	670
a park as defined by 59.20 RCW)	

Registration Data as of December 31, 2005

Number of parks on current list (presumed to meet definition of \$9.20 RCW)	1.829
Number of parks registered	1,366
Percentage of parks registered (1.175 of 2.115)	75%
Number of spaces registered	61,953
Average spaces per registered park	45
Amount received in registration fees (\$5 per space)	\$309,765

Office of Manufactured Housing

Size of Registered Mobile Home Parks by County: December 30, 2005

B. NOTIFICATION CAMPAIGN

To ensure that notice was given to each manufactured/mobile home landlord or park owner and each mobile homeowner or tenant, OMH focused notification efforts in five areas:

- Direct mailings
- Websites and electronic mail
- Personal contact and phone calls
- Newspapers and newsletters
- · Radio announcements

Direct mailings: As of December 31, over 25,000 resident addresses have been provided and OMH has sent notification to each resident address. Mobile Home Owners of America (MHOA) members provided the Department with its mailing list and the Department mailed notification to all 1,859 members. MHOA members also collected addresses and the Department mailed direct notification to each address provided. In addition, stakeholders were provided over 5,000 notices to distribute to residents.

Personal contact and phone calls: Since May 13, the office has received a total of 636 requests for landlord-tenant services. Calls are received through a toll-free automated services request line. In response to an increase in calls, the Department improved the toll-free line by shortening the intake message and also by providing the menu in both English and Spanish. Each complainant was mailed direct notification of the program and the new law. The Department also responded to over 650 (via telephone, email, and in person) contacts from park owners and residents with questions about the registration process.

Newspapers and newsletters: A press release was sent to a total of 84 daily and weekly newspapers throughout Washington on September 22, 2005. The press release was posted on the Access Washington home page on September 23, 2005. Additionally, at the recommendation of a stakeholder who noted that many veterans live in manufactured housing communities, the press release was posted on the Department of Veterans Affairs home page. The press release was also sent to stakeholders and interest groups.

Websites and electronic mail: OMH posted all ESHB 1640 information on its website, including a link to the bill, the resident notice, and the registration form. The website also includes a link to the forms in Spanish. During the month of December, the website received 180 contacts.

Radio announcements: On November 22, a public service announcement was sent to 12 radio stations. The Department chose specific stations, targeting counties with the most mobile home parks and the fewest Mobile Home Owners of America (MHOA) members.

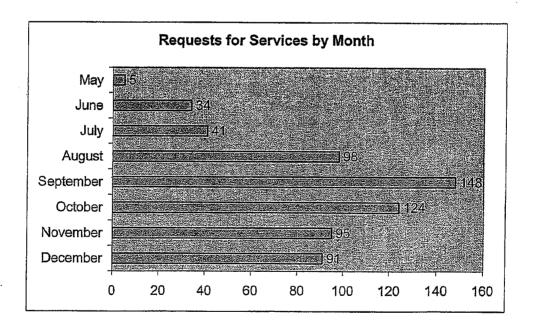

C. DISPUTE INVESTIGATIONS

CTED was required to investigate alleged unfair practices or violations of the Manufactured/Mobile Home Landlord-Tenant Act, 59.20 RCW. The Department was also required to negotiate agreements and document outcomes.

This section includes the following complaint data collected May 13 - December 31, 2005:

- 1. Requests for Services by Month
- 2. Number of Complaints
- 3. Nature and Extent of Complaints
- 4. Actions Taken on Each Complaint
- 5. Outcomes of Closed Cases
- 6. Closed Cases: No Agreement Reached Reasons

4. Actions Taken on Each Complaint

Below is a summary of actions taken on each complaint. A detailed report of actions taken on each complaint is included in the Appendix.

Complaint investigation on hold pending notification (Open Cases)	
OMH has notified complainant and sent complaint form. OMH is waiting for	
documentation that the other party has been notified and that timeframes to remedy,	
under RCW 59.20, have been met.	370
Complaint investigation underway (Open Complaint Investigations)	·
OMH has received required documentation; timeframes to remedy under 59.20 RCW	
have been met; case managers are investigating complaint.	48
Complaint investigation completed (Closed Cases) See chart of Outcomes of Closed Cases.	218

5. Outcomes of Closed Cases May 13, 2005 - December 31, 2005

Agreement reached	19
Partial agreement reached	15.
No agreement reached	100
Complainant withdrew complaint	5
Caller could not be reached	12
Determined to be non-1640.	17
Information only	50
Total closed cases	218

¹ "Partial agreement reached," means some but not all of the issues raised in a dispute were resolved.

6. Closed Cases: No Agreement Reached - Reasons May 13, 2005 - December 31, 2005

No response from Community Owner/Manager Tenant provided notice and received no response/remedy. OMH then attempted to contact by phone or in writing and received no response, or contacted with a proposed remedy and received no response. 83 Resident pursuing legal action -6 Community owner pursuing legal action No response from resident Resident submitted complaint material but failed to respond to OMH attempts to contact Resident responsible Resident failed to provide receipt needed for settlement Reason unknown/not reported to OMH Total cases closed as "no agreement reached" 100

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

Page 11 But that's my recollection. Q Okay. How many acres is there? A Well, there's some discussion about that. I'm trying to find - if I can find a survey. I was looking for a survey. Because I said 24. And that's my recollection is 24. But I've seen - I think the city had it appraised and it was - the appraiser there said 22.4. So I don't know the exact acreage. But my recollection is 24. A Just it's what I remember. You know. Yeah. Okay. Tell me about the environmental features on that property. Are there any wetlands? A Yeah. There's a little lake in the back center of the park, which is an amenity, you know, that people love. You know. The home sites around the lake are premium. And so they are quite easy to rent. And so it's a nice amenity that the park has. We also have a clubhouse and used to have a shuffle board court. But nobody was using it so it's kind of, you know, not in use anymore, still there, but I don't think anybody's played it for years now. Q Along the western edge of the property, is there a wetland adjacent to the western A There is to I don't know what direction, you know, that is. But if you say it's west, I'll take your word			
Q Okay. How many acres is there? A Well, there's some discussion about that. I'm trying to find - if I can find a survey. I was looking for a survey. Because I said 24. And that's my recollection is 24. But I've seen - I think the city had it appraised and it was - the appraiser there said 22.4. So I don't know the exact acreage. But my recollection is 24. Q Any reason why you would recall 24? A Just it's what I'remember. You know. Yeah. Q Okay. Tell me about the environmental features on that property. Are there any wetlands? A Yeah. There's a little lake in the back center of the park, which is an amenity, you know, that people love. You know. The home sites around the lake are premium. And so they are quite easy to rent. And so it's a nice amenity that the park has. We also have a clubhouse and used to have a shuffle board court. But nobody was using it so it's kind of, you know, not in use anymore, still there, but I don't think anybody's played it for years now. Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

Page 27 liquefaction is? I do. 3 Can you describe what that concept is? Well, liquefaction is a phenomenon that can occur when an 5 earthquake happens. There's a shaking that takes place. 6 And there's a layer of water underneath the ground. And when this shaking occurs, the water percolates to the top, rendering the soil over it less capable of bearing 9 loads. 10 Okay. And so how does that affect development of 11 property? 12 Well, it's something to be concerned with. You know. 13 San Francisco, when we had our earthquakes - and I'm from 14 San Francisco area - there's concerns about liquefaction 15 there. But there's an awful lot of San Francisco that's 16 built on property where, you know, people talk about, 17 "Well, there's liquefaction here." But you know, it 18 doesn't prevent you from putting multistory buildings up and . . . But it is something that one needs to be 19 20 concerned with. 21 And it's then an issue of concern that requires some sort 22 of engineering mitigation to address as part of the 23 construction? Is that a fair statement? 24 A It can. It can. 25 Have you ever had anyone assess the soil conditions at

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

			Page 28
	1		Tumwater Mobile Estates to see whether you would need
	2		engineering mitigation in a future development?
	3	A	No.
	4		(Deposition Exhibit No. 6 marked
	5		for identification.)
	6	Q	(BY MR. MYERS) This is a portion of a map prepared by the
	7		Department of Natural Resources which identifies
	8		liquefaction areas on the original map. The red areas
	9		are areas of high concern. Is the area where this
	10		sinkhole opened up part of the red area that's depicted
	11		on this map?
	12	A	In the back portion of the park, there appears to be an
	13		area that has the red.
	14	Q Q	Have you had anybody from the State of Washington ever
	15		discuss with you the inclusion of a significant portion
	16		of your property as a high liquefaction risk area?
	17	· A	Would you repeat that.
	18	Q	Has anybody from the State of Washington ever come to you
	19		and
	20	A	The government? Say somebody - a governmental agency,
	21		State of Washington?
	22	Q	State of Washington.
	23	A	University or not university? I mean government versus
	24		university? I mean is that
	25 .	. Q	State of Washington? State of Washington. University or not university? I mean government versus university? I mean is that Well, let's talk about the government first. Somebody
_	-		

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

		Page 29
1		who has some regulatory or geologic responsibility for
2		the state, have they ever discussed with you the
3		inclusion of much of your property as part of a high
4		liquefaction risk area?
5	A	I'm pretty certain the answer to that is no.
6	Q	Let's move on to somebody who is more academic and is
7		affiliated with a university. Has anybody ever
8		approached you to discuss that?
9	A	Again, the answer is no to the question the way you
10		phrase it.
11	Q	Have you discussed it with anybody?
12	A	Not that - not that would be included in some
13		liquefaction area, no. Now, when the engineers were out
14		there talking with us, okay, did the subject of
15		liquefaction come up in that conversation? I can't say
16		that it didn't. I don't know. I don't remember. You
17		know. I mean it
18		When we're looking at the problems, geez, what
19	•	caused this problem to happen, well, it's right next to a
20		body of water. There could be soil You know.
21		There's certainly water that enters the area from that
22		lake bed in the direction of where the failure took
23		place. So you know, certainly we could have talked about
24		the fact that, you know, geez, there's water there and
25		that had

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

1		
		Page 30
1	Q	Have you had any investigation done to determine how far
2	•	down the water table is?
3	A	I have not.
4	Q	If the State of Washington prepared a map which shows the
5		red areas on your property as being high liquefaction
6		risk areas, would you have any reason to disagree with
7		that?
8	A	I have no factual reason to disagree, I mean, you know,
9		to disagree with it. I have no facts.
10	Q	Have you done any analysis of whether any part of your
11		property is regulated by a critical area ordinance? Do
12		you understand what a critical area ordinance is?
13	A	No.
14	Q	Which is regulated by a wetland protection ordinance.
15	A	Okay. So repeat the question.
16	Q	My question was: Have you done any analysis to see
17		whether or not any of your property is regulated by a
18		critical area or wetland protection ordinance?
19	A	No, I have not.
20	Q	Are you familiar with the concept of a wetland buffer?
21	A	Well, I can guess what the name means. But I'm not
22 -		You know.
23	Q	Let me ask you: In your experience in owning and
24		investing in real estate, have you run across properties
25		where part of the property was not developable because it

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

		Page 31
1		was too close to a wetland?
2	A	I own two marinas. And there's developments right up
3		next to the water, both of them. And so I have
4		experience with, you know It can be an amenity to
5		development as well. And I've seen - seen it done. I
6		have heard, however, in the course of my readings about
7		real estate things in the newspapers and whatnot about
8		projects that have been impaired because of wetland
9		issues.
10	Q	And it's your understanding that if the wet - it's
1 1		wetland itself, that may render it undevelopable?
12	A	I don't know.
13	Q	You said you own two marinas. Where do you own those
14		marinas?
15	A	Both in California. One is in Stockton and one is in
16		Huntington Beach.
17	Q	Do you own any other property in the state of Washington
18		besides Tumwater Mobile Estates?
19	A	No.
20	Q	I've provided you Exhibit Number 2, which is the
21		ordinance that generated this whole lawsuit. I want to
22		ask you how that has affected your operations at Tumwater
23		ask you how that has affected your operations at Tumwater Mobile Estates. The ordinance? Yes.
24	A	The ordinance?
25	Q	Yes.

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

		Page 34
1		property, how would you define what fair market value
2		means?
3	A	What a willing buyer will pay a willing seller.
4	Q	And do you have an opinion as to what that value would
5		have been when the property was zoned multifamily high
6		residential immediately prior to the change that the city
7		adopted in 2009?
8	A	When it was still zoned I - I hadn't You
9		know, I'd have to do some analysis to reach a statement
10		of what I thought it was worth at that time. And I
11		haven't done that. I You know. And rather than
12		throw a number out, you know, other than kind of a
13		ballpark number, then, you know, I I don't.
14	Q	Okay. How would you go about determining what the fair
15	٠	market value was in order to answer that question before
16		the zoning ordinance was adopted?
17	A	Well, it would be - it would be based upon You
18		know, all things equal and considered, it would be based
19		upon the income of the property. And that's, you
20		know You know. There are locational factors that
21		come into that, what kind of location it's in; you know,
22		is there going to be a premium associated with it because
23		it's, you know, got bus service out in front of it, you
24		know, got shopping across the street, that it potentially
25		is there going to be a premium associated with it because it's, you know, got bus service out in front of it, you know, got shopping across the street, that it potentially has a use that could be commercial; the expiration of the

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

			Page 35
	1		life of the mobile homes in the commercial section of the
	2		park. Those are all factors:
	3		And let me expand on that a little bit. Because if
	4		a guy's going to buy it, okay, who's a knowledgeable
	5		buyer And when you're talking in the, you know,
	6		\$5 million range of a price for this park, then you're
-	7		talking about someone who's a sophisticated person. And
	8		a sophisticated person is going to look at those old
	9		mobile homes and they're going to say, "What am I going
	10		to do with this? What am I going to do with this when I
l	11		can't buy homes to put in here, when I can't do this?"
	12		And he's going to think, you know, "I gotta do something
	13		because it's gonna look like a trailer park and I'm
	14		buying a manufactured home park." And there's a
	15		difference between a manufactured home park and a trailer
	16		park. And a trailer park sells for a substantial
	17		discount to what a manufactured home park sells for.
	18	Q	Okay.
	19		(Deposition Exhibit No. 7 marked
	20		for identification.)
	21	Q	(BY MR. MYERS) This is a copy of portions of the
	22		appraisal that was performed in 2006. And do you know
	23		appraisal that was performed in 2006. And do you know what the purpose of this appraisal was? It was part of the refinancing appraisal. Okay. On Bates page 4, there is a statement that the
:	24	A	It was part of the refinancing appraisal.
;	25	Q	Okay. On Bates page 4, there is a statement that the

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

		Page 42
1		experience that municipalities are willing to rezone
2		multifamily land for commercial land because of the tax -
3		sales tax issue.
4	Q	Is it your experience that they're willing to rezone
5		mobile home parks as commercial property in order to get
6		that sales tax?
7	A	It is. I've seen it done, yes. But I will confess to
8		you I've seen it resisted. Okay.
9	Q	And then on Bates page 42, under "Subject Site 'As
10		Improved,'" Mr. Robinson's appraisal says that, "The
11		remaining option, to remain as is, is considered the best
12		option."
13		And this is under "Physically Possible Use." Do you
14		see where he says that?
15	A	"The remaining option, to remain as is, is considered the
16		best option." Okay.
17	Q	Yes. Do you agree or disagree with that statement?
18	A	At the present time, I agree.
19	Q	Okay. And do you agree with his conclusion that as
20		improved, the highest and best use of the Tumwater Mobile
21		Estates property is as a manufactured home park?
22	A	At the present time, you know, with - without the
23		presence of this ordinance, I would have concurred with
24		that.
25	Q	At the present time, you know, with - without the presence of this ordinance, I would have concurred with that. So let me then ask you: Before the city adopted that

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

Page 43 ordinance, is it your opinion that the highest and best use of the property was as a mobile home park? 3 Yes. And after the adoption of the mobile home park ordinance, do you have any opinion as to what the highest and best use of the property is? 7 Well, if the ordinance stands, I won't have much of a g choice, will I? That's what this is all about, freedom 9 of choice and, you know, the ability to change when 10 change is necessary. 11 Right now I'm able to - in the front part of my 12 park, the older part, I'm able to deal with it. But it 13 isn't easy. And it may not be possible at some point in 14 time. And when that happens, then it's time to start 15 thinking about, "Okay. When and how am I going to go 16 about changing this use?" 17 Okay. At any time, do you believe that the Tumwater 18 Mobile Estates property has been worth \$26 million? 19 Well, if I were to think to myself, you know, "I'm not 20 getting any - I'm not getting any younger. I want to, 21 you know, leave my kids with as much as I possibly can." 22 Therefore, I need to look at my - all my assets, 23 including the Tumwater Mobile Estates and say, "Okay. 24 How can I maximize the value of this property? What can I do to maximize the value of this property?"

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

	Page 56
1 A	I didn't have time.
2 Q	Is it your opinion that some day this property could be
3	worth \$26 million? Is that what statements on Exhibit 8
4	represent on the bottom of the first page?
5 A	Would you repeat the question.
6 Q	Down there where it says, "Total value at highest and
7	best use: \$26 million," what does that mean?
8 A	Well, that means that at some point in time. You know.
9	Whether it's right now or not, I mean it depends on what
10	your motivations are. As I mentioned earlier about
11	maximizing the value of your assets, arguably And
12	these numbers are, you know I mean bring some
13	professionals together and we could argue about whether
14	these numbers are good numbers or not. That's kind of
15	what your - you're sort of intimating whether or not
16	they're good numbers or not.
17	And so based on my calculations, which I thought I
18	made some adjustments to my knowledge, based on my
19	knowledge, my experience, I think 26 million is a - is a
20	reasonable estimate for the highest and best use value.
21 Q	Is that today?
22 A	Well, not today with the ordinance in place.
23 Q	Assuming that the ordinance was not in place, would it be
24	worth \$26 million today?
25 A	Assuming that the ordinance was not in place, would it be worth \$26 million today? Again, if you wanted to maximize the value of your assets

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

F		
		Page 57
1		and you said to yourself, "I own this; I want to
2		maximize - I don't care about anything else; my one
3		objective is to maximize the value of this asset," then,
4		you know - "and I'm willing to put the time and the
5		energy and the money into realizing that value," then
6		arguably you could come up with a value that was at
7		26 million.
8	Q	So it would be worth \$26 million after the time and
9		energy was put into developing the multifamily high
10		density and commercial?
11	A	To securing those property rights, yes.
12	Q	How long would it take for that development to occur?
13	A	Oh, it's probably a two or three-year process.
14	Q	And do you know whether there is a market demand for
15		conversion to those uses currently in the city of
16		Tumwater?
17	A	Well, there's a demonstratable In the past,
18		there's been a demand for commercial space. There's been
19		a demand for housing. And as more housing comes in,
20		there's more demand for more commercial. So as part of .
21		the developing process of the city, then you could, you
22	•	know, say, you know, "It looks reasonable to expect that
23		we would be able to have, you know - find tenants for the
24		commercial. We'd be able to find occupants for the
25		know, say, you know, "It looks reasonable to expect that we would be able to have, you know - find tenants for the commercial. We'd be able to find occupants for the multifamily in the rear."

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

		. Page 58
1		And so it is You know. This is where the
2		macroeconomy and the microeconomy all come together and
3		you percolate it around and try to figure out whether or
4		not it looks like a viable thing. And, you know, I mean
5		people do this. This is what real estate developers do.
6	Q	And in determining how long that would take, are you
7		familiar with the concept of an absorption rate?
. 8	A	Sure.
9	Q	Have you done any analysis of the absorption rate that
10		would apply to this type of development?
11	A	Well, the commercial, you know, observably quite quickly.
12		The multifamily I can't tell. I don't know. I mean you
13		drive by the commercial, you can see they're full. You
14		know. I don't know what's happening in the apartments.
15		And I've not done any research on it.
16	Q	So is it possible to tell when this property would
17		support a \$26 million value?
18	A	Is it possible? Repeating the question as I heard it, is
19		it possible to tell when this property might justify a
20		\$26 million value?
21	Q	Yes.
22	A	Well, we're arguing about it as if it's right now. We're
23		saying as of the date this ordinance passed, we used to
24		have these choices. We used to have these options to go
25		Well, we're arguing about it as if it's right now. We're saying as of the date this ordinance passed, we used to have these choices. We used to have these options to go do this, to think about doing something like this. So

Laurel Park Community, et al v. City of Tumwater Deposition of William Schmicker

		Page 59
1		arguably at that point in time, it had that value. Now
2		that right's been taken away. So you know, what happened
3		to it?
4	Q	Let me go back to that statement. Is it your opinion
5		that before the city passed the ordinance, your property
6		had a fair market value of \$26 million?
7	. A	Highest and best use potential value of \$26 million.
8	Q	But you wouldn't have a willing buyer actually want to
9		pay you \$26 million, would you?
10	A	Nobody was offering me that amount of money or I might
11		have been a seller.
12	Q	Because you had not built out the property.
13	A	I hadn't done any of the things that would need to be
14		done to realize that value.
15	Q	Had you ever applied for permits to do any of that type
16	• .	of development to the City of Tumwater?
17	A	Not to the City of Tumwater.
18	Q	Let's go back to the next page, which is page 4 of the
19		initial disclosures. At the top of the page, there's a
20		statement that says, "The value" It's the next
21		page.
22	A	Oh.
23	Q	"The value of Tumwater Estates at \$45,000 per space
24		Oh. "The value of Tumwater Estates at \$45,000 per space equals \$5,175,000." Is that your opinion of what the property is worth as a mobile home park?
25		property is worth as a mobile home park?
		- 2014年

	Doposition of	,

1	A About two years.	1	A Shown in this with one lone tree in the middle of the
2	Q And how was Laurel Park Mobile Home Park owned prior to	2	property.
3	formation of Laurel Park Community, LLC?	3	Q The property that's immediately to the west, is that
4	A By myself personally.	4	currently vacant? And I'm referring to this piece of
5	Q What was the purpose of forming the LLC?	5	property here (indicating).
6	A Basically my attorney's advice.	6	A I don't know. I haven't taken I haven't really
7	Q What was the goal of forming the LLC?	7	looked lately so If this is a current map, then
8	A I think LLC's are a protection for liability purposes.	8	it's currently vacant.
9	Q Was there any refinancing of the property involved when	9	Q Okay. It looks like there is a house on the far western
10	you formed the LLC?	10	
11	A No.	11	A Yes.
12	(Deposition Exhibit No. 1 marked	12	Q Other than that, are you aware of any development in the
13	for identification.)	13	
14	O (DV MP MVERS) Me Eighten New handing you are said	14	A. I'm not aware of any.
15	Q (BY MR. MYERS) Mr. Eichler, I'm handing you an aerial photograph which comes out of the appraisal report done	15	Q Okay. Are you aware of whether there's any development
16	by Stephen Shapiro in this matter. I just want you to	16	
17	take a look at it and say do you recognize that as being	17	A I heard that all of this property is going to be
18	an aerial photograph of your mobile home park?	18	developed.
19	A Yes.	19	Q Have you received any notice of pending development for
20	Q Would you describe the surrounding community that abuts	20	that property?
21	your mobile home park.	21	A Not that I'm aware of.
22	A On one side of my property is a vacant ten acres that has	22	Q Okay. Do you know what the status of the 122 homes is on
23	been approved for 122 new residences. On the other side	23	the property immediately to the north?
24	of my property is residential with several new	24	A No, I don't.
25	subdivisions abutting the street right across from my	25	Q And would that be single-family development, a
	Page 7		Page 9
1	property.	1	subdivision?
2	Q Okay. And that's	2	A As I understand it. Yes.
3	A That would be -	3	Q Is there any multifamily development surrounding your
4	Q Let me ask you this: If you turned it sideways so that	4	property?
5	you could read the writing on there, does that align it	5	A I haven't investigated by driving around, so I don't
6	with north and south approximately?	6	believe I can answer that question.
7	A Yes.	7	Q Have you done any investigation as to whether there's any
8	Q Okay. Could you draw a north arrow on the side over here	8	multifamily development planned adjacent to or nearby
9	in the margin just so that we're speaking correctly as	9	your property?
10	far as directions? Just an arrow pointed toward the	10	A No.
11	north generally. I'm not going to hold you to true	11	Q Okay. How many acres do you have?
12	north.	12	A 11.7.
	A I might say I have always had a bit of trouble with	13	Q And how many spaces do you have in the two phases?
14	directions down here so	14	A 73.
15	Q If you drew an arrow that directly pointed at me, would	15	Q And do you know how - what the zoning is on the property
16	that be generally to the north?	16	surrounding your mobile home park?
17	A Yes.	17	A No, I don't.
18	Q Okay. Why don't you go ahead and do that. And then put	18	•
19	an "N" right at the top. Okay. That way we have some	19	Q Okay. Do you believe that operating the mobile home park
20	orientation. The property that you discussed being		is consistent with the surrounding uses in the community?
21	approved for 122 new residences, is that the property to	20	A No, I don't believe it's consistent with the surrounding
22		21	properties.
	the west, sort of odd-shaped piece of property	22	Q Why don't you believe it's consistent with the
23	immediately to the west?	23	surrounding community?
	A No. I would say that would be to the north of me.	24	 Q Okay. Do you believe that operating the mobile home park is consistent with the surrounding uses in the community? A No, I don't believe it's consistent with the surrounding properties. Q Why don't you believe it's consistent with the surrounding community? A Because the surrounding community is obviously going single-family residential with a much higher density than
	Q To the north. Okay.	25	single-family residential with a much higher density than

3 (Pages 6 to 9)

	Page 10		Page 12
1	my mobile home park.	1	Q Okay. Do you still own that property?
2	Q Do you believe that the mobile home park is, in any way,	2	A No.
3	detrimental to the surrounding community?	3	Q When did you sell that property?
4	A. Yes, I do. I think that mobile home parks normally are	4	A In probably the late '90's, although I'd have to check my
5	considered depreciative of values. It's always been an	5	figures for sure on that.
6	old joke. Nobody wants to live next to an old mobile	6	Q Okay. Did the buyer express concern about buying
7	home park.	7	property next to a mobile home park?
8	Q Is your mobile home park detrimental to the surrounding	8	A No.
9	community?	9	Q What were the results of your evaluation of possibly
10	A I don't know.	10	
11	Q Do you believe that maintaining affordable housing is a	11	A It was not economically viable to do so because I would
12	legitimate goal for the City of Turnwater?	12	r
13	A Yes.	13	fields.
14	Q And do you believe that manufactured housing parks	14	Q And at the time you made that evaluation, you were
16	provide a source of affordable housing compared to other	15	located in unincorporated Thurston County?
17	housing types? A Yes,	16	A I don't understand unincorporated Thurston County.
18	Q Okay. When did you purchase Laurel Park?	18	Q You were located outside the city limits at that point in time?
19	A In September of 1991.	19	
20	Q How much did you pay?	20	A I was located in Thurston County. Q Right. But not within a city at the time?
21	A A million three.	21	A That's right. In the county, not the city.
22	Q And did you finance the property at that time?	22	Q You mentioned septics was an issue there. What is the
23	A Yes.	23	type of septic systems that Laurel Park has?
24	Q And was an appraisal done of the property?	24	A We have numerous systems with about three homes per
25	A Not to my knowledge.	25	system generally, three homes per drainfield. I believe
 		┼─

What is your understanding of what "value" means?
6 7 8 9 10 11 12 13 14 15	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did	5 6 7 8 9 10 11 12 13	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a
6 7 8 9 10 11 12 13 14 15 16	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit?	5 6 7 8 9 10 11 12 13 14 15	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density
6 7 8 9 10 11 12 13 14 15 16 17 18	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No.	5 6 7 8 9 10 11 12 13 14 15 16	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property.
6 7 8 9 10 11 12 13 14 15 16 17 18	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No. Q Have you had any What type of water system does	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No.	5 6 7 8 9 10 11 12 13 14 15 16 17 18	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density 12 acres at 15 units per acre at 50,000 per unit equals
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No. Q Have you had any What type of water system does	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density 12 acres at 15 units per acre at 50,000 per unit equals \$9,000,000 total value at highest and best use. My first
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No. Q Have you had any What type of water system does Laurel Park have? A Well water. Q Have you had any problems providing water to your	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density 12 acres at 15 units per acre at 50,000 per unit equals \$9,000,000 total value at highest and best use. My first question is: What is your understanding of the meaning
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No. Q Have you had any What type of water system does Laurel Park have? A Well water.	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density 12 acres at 15 units per acre at 50,000 per unit equals \$9,000,000 total value at highest and best use. My first question is: What is your understanding of the meaning of the term "highest and best use"?
6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	A Yes. Q And did you raise the rent from 2008 to 2009? A Yes. Q Okay. What was the rent in 2008? A I don't have that information exactly. Q Okay. Did Laurel Park make a profit in 2009? A Yes. Q And did it make a profit in 2008? A Yes. Q 2007? A Yes. Q Have there been any years since you owned it that it did not make a profit? A No. Q Have you had any What type of water system does Laurel Park have? A Well water. Q Have you had any problems providing water to your	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	appropriate zoning, for uses currently taking place in the immediate area, would value Laurel Park as follows. What do you mean "value" in the context Do you know what that term would mean? A Would you ask the question again. Q Okay. In the last portion of the paragraph after your office address information, you see the sentence that reads, "The land under appropriate zoning"? It says, "would value Laurel Park as follows." What is your understanding of what "value" means? A "Value" would mean the price that a willing buyer and a willing seller were able to reach for the highest and best use of the property. Q Okay. In the next sentence down, it says medium density 12 acres at 15 units per acre at 50,000 per unit equals \$9,000,000 total value at highest and best use. My first question is: What is your understanding of the meaning of the term "highest and best use" would be the

Q Are you aware of any developments that have developed 15 units - or 15 lots per acre of single-family development in Turnwater? A No. Q Are you aware of any developments that have had 15 units of single-family development anywhere in Thurston County? A I've never done any research, so I don't know. Q When you mentioned the lots in Auburn and King County, do you know what density the \$125,000 lots were being	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Q And who did that analysis? A Century Pacific Realty. (Deposition Exhibit No. 3 marked for identification.) Q (BY MR. MYERS) Mr. Eichler, this is a declaration that has been submitted by your legal counsel to me. And I want to refer you to Exhibit B, which has a letter dated December 13th, 2006 and a memorandum dated April 2nd, 2007. A Okay. Q Century Pacific, is this the demand analysis that you were referring to? A What? Q Does this document, either the December 13th, 2006 or the April 2nd, 2007 memoranda, do they discuss the market demand for your property? A Yes. Q Okay. Can you show me where that is discussed in these documents? A The discussion of 15 units per acre? Q The discussion of the market demand to redevelop your property at 15 units per acre.

7	Q Okay. And it would take a certain number of expenditure		
8	to be able to create 14 units per acre; correct?	8	Q (BY MR. MYERS) Okay. Let me ask you this: Did
9	A I don't have their thinking at my fingertips here, so I	9	Jan a statement in David Children
10		10	and the second of the second purious of
111		11	,
12	• • • • • • • • • • • • • • • • • • • •	12	Joan
13	about paragraph number 5. Paragraph number 5, it states	13	The same of the sa
14	that you did not oppose annexation into the City of Turnwater in reliance on Turnwater's assurance that it	14	poster of this
16		15	or any rengment and
17	would not change the underlying residential zoning of the park. My question is: Who gave you assurance from the	16	C
18	City of Turnwater that there would not be a change in the	18	
19	underlying 20ning?	19	reserved and the best of the property of
20	A David Ginther and others that I've talked to about the	20	pp.
21	zoning.	21	that.
22	Q When did Mr. Ginther tell you that there would not be a	22	Q Okay. Was it your understanding that the city had
23	zoning change?	23	committed never to rezone that property in perpetuity?
24	A I should clarify that I did not hear that directly from	24	A My understanding was that they were not going to change
25	David Ginther. That was my professional person that I	25	the zoning. And I assumed they were going to stick with
 		-	The state of the s
	Page 31		Page 33
1	had to give me the opinion. It was told to me that	1	the county zoning. And I assumed that they agreed with
2	David Ginther had said that there would not be a change	2	the county zoning and they wanted a higher and better use
3	in the annexation.	3	for the property.
4	Q Would that have been Mr. Mathewson?	4	Q And did you have any understanding as to how long that
5	A No.	5	would be the case?
7	Q Would that have been Mr. Wood? A No.	6	1
		1	A No.
1		7	Q Did you assume that that would be the case in perpetuity?
8	Q Who relayed the information that Mr. Ginther said there	7 8	Q Did you assume that that would be the case in perpetuity? A Yes.
8	Q Who relayed the information that Mr. Ginther said there would not be a change in zoning?	7 8 9	Q 'Did you assume that that would be the case in perpetuity?A Yes.Q Have you ever owned property that has been downzoned?
8 9 10	Who relayed the information that Mr. Ginther said there would not be a change in zoning? My land use attorney at that time, Scott Missall.	7 8 9 10	Q 'Did you assume that that would be the case in perpetuity?A Yes.Q Have you ever owned property that has been downzoned?A Yes.

Where was that property? A Oh, I've had property downzoned, and it was in Auburn. Q What was the change that Auburn enacted for your property? A I don't remember the exact technical county zoning, but they changed the county high density zoning to mobile home park only or some call it a mobile home park overlay. I'm not My only memory is that - about

9 (Pages 30 to 33)

	Page 34		Page 36
1	Q Okay. So when did Auburn change the zoning from high	1	sale to a builder. And I've always said so the builder
2	density to mobile home park zoning?	2	can come in and start digging the next day, but I don't
3	A Within the last three years, if I recall correctly.	3	know exactly how far that is.
4	Q Did you do any analysis to determine whether that	4	Q Let's go back to your declaration. And in paragraph 5,
5	impacted the value of your property in Auburn?	5	where you were talking about expectation that you could
6	A Yes. I had some professionals do an analysis of that.	6	redevelop the property if another viable opportunity
7	Q And what was the results of that analysis?	7	presented itself. What did you mean by the statement
8	A That it severely restricted the value of my property for	8	that you wanted to preserve your reasonable expectation
9	its highest and best use.	9	that you could redevelop it if another viable opportunity
10	Q Did you have them do a before-and-after analysis of the	10	presented itself?
11	value of your property in Auburn?	11	A I meant that I was hoping to develop it to the zoning
12	A I don't recall the details of the analysis.	12	capabilities that were on the property when I purchased
13	Q Do you recall approximately how much value impact was	13	it, the medium density, single slash multifamily,
14	made by Auburn's zoning?	14	whatever it is, the zoning that was on the property when
15	A Yes.	15	I purchased it.
16	Q What do you recall?	16	Q Okay. Let me ask you a bit about this declaration. Did
17	A These figures are my recollection, and if there was some	17	you draft the language that is found here in this
18	papers that showed differently, because there's always	18	declaration?
19	discussions. But my recollection was that my mobile home	19	A No.
20	park was worth approximately \$6,000,000 and the value of	20	Q Okay. So this was drafted by someone else and then you
21	my land as vacant land was approximately worth	21	reviewed it; correct?
22	14,200,000.	22	A That's correct.
23	Q How did you determine How was the property worth	23	Q Did you have any time frame in which you expected this
24	14,200,000 as vacant? How was that determined?	24	other viable opportunity to present itself?
25	A I don't recall. But I don't have that information at my	25	A Time frame from when?

Mr. Robert M. Eichler Lake-Land Investments 3455 Hunts Point Road Bellevue, WA 98004

Re: Summary of real estate issues

Dear Bob:

Thank you again for the opportunity to allow CenturyPacific to assist you with the development and sale options of your various mobile home parks. This letter is for the purpose of providing you with an overview of real estate issues in regards to your mobile home parks located in Tumwater and We look forward to an opportunity to discuss these matters with you at your convenience.

Tumwater (3244 66th Avenue S.W., Olympia, WA 98512)

This 11.73 acre property is zoned Multi-Family Medium Density Residential (MFM) in Thurston County with a density of 9 to 15 units per acre. Since the county requires a minimum of 9 units per acre which would provide relatively small 3,700 square foot lots, we believe that the zoning of this property forces a more dense multi-family product. At 14 units per acre (i.e., one less than the maximum), the value of the Turnwater site today is \$3.7 million (see attached). However, since you currently yield approximately \$250,000 per year in net operating income, using a 7.0% capitalization rate yields a value of \$3.6 million; at a 7.5% cap rate the value is \$3.3 million. These numbers suggest that it may make more sense to continue operating this property as a mobile home park and/or taking it to market on the basis of a mobile home park and not a development opportunity. You will notice that the value of this park is a relatively low \$23,000 per zoned lot. We believe the reason is due to the lack of market acceptance for smaller dense townhome units in Thurston County which are reflected in relatively low sales prices.

Please note that Washington law generally prohibits any person except a licensed appraiser from providing an estimate of value for real property. One exception to this prohibition is a broker's opinion of value to be utilized to provide acquisition and disposition advice (See RCW 18.140.020(1)). The estimates provided in this report are offered in the context of a broker's opinion of value.

Thank you again for the opportunity to assist you with your various real estate holdings. Please let us know if you have any further questions.

Campbell Mathewson

Vice President & Designated Broker
